

FOOD RESCUE PROGRAM

DON'T THROW AWAY YOUR CHANCE TO HELP

We were excited to see so many attendees at our webinar last February. If you missed it, you can watch a recording of [Store Recognitions - The What, When, Why and How of Retail Donor Appreciation](#) at your convenience by using the link provided, or browse the Agency Zone Food Rescue page to keep an eye on our growing list of webinars and resources.

The next food rescue webinar will be held on **Wednesday, May 17th from 11:00am-12:00pm**. Due to a high level of interest from our survey, the topic will be **Food Rescue Safety and Transport**.

Second Harvest Heartland requires one key individual at each agency partner participating in the food rescue program to receive Safe Food Transport training.

This webinar:

- Will train you in the practice of safe collection, transport and storage of food rescue product.
- Will replace the previous Safe Food Transport webinar, which is required watching for those programs who do not have someone on site trained in Safe Food Transport.
- Is NOT required watching for those who were certified in Safe Food Transport in the past, but attendance and input from all are welcome!
- Will be recorded and posted on the Agency Zone [Food Rescue](#) page for those who cannot attend the live webinar.
- Can be used in its recorded version as a training tool for new employees and volunteers at your site.

If you are interested in [attending this webinar](#), please follow the link for more information and to register.
