What to do if your program comes into contact with COVID-19 infection

Minnesota Programs

Minnesota Department of Health COVID-19 hotline 651-201-3920 or 1-800-657-3903
- Someone from this line will walk you through a detailed response plan based on the level of exposure at ESNS. This also helps the state keep up-to-date information about the outbreak. To reach the hotline, dial **651-201-3920 or 1-800-657-3903**

Here are some other recommendations from the Centers for Disease Control (CDC) and Minnesota Department of Health (MDH) as to how to best keep other staff, volunteers and participants safe if somebody is diagnosed with COVID-19.
- [CDC guidelines for critical workers who may have been in contact with or diagnosed with COVID-19](#)
- [This MDH article](#) recommends those who are diagnosed stay home at least 7 days after onset of symptoms and at least 3 days after recovery
- [This MDH link](#) touches a bit upon sick leave policies
- [Here](#) is a centralized list of updates for the stay-at-home order from MDH
- [Here](#) is another CDC link that also overviews how to handle sick employees, touching upon issues of confidentiality

Wisconsin Programs

Wisconsin Department of Health Services COVID website
https://www.dhs.wisconsin.gov/covid-19/index.htm

- [CDC guidelines for critical workers who may have been in contact with or diagnosed with COVID-19](#)
- [Here](#) is another CDC link that also overviews how to handle sick employees, touching upon issues of confidentiality
- Infographics and information sheets https://www.dhs.wisconsin.gov/covid-19/resources.htm
