

Second Harvest Heartland is one of the largest, most efficient and most innovative hunger relief organizations in the nation. In close partnership with nearly 1,000 food shelves, food pantries and other meal programs, Second Harvest Heartland helps the one in 11 people in Minnesota and western Wisconsin who face hunger every day. On average, 74 percent of food our partner agencies distribute comes from Second Harvest Heartland. In 2018, Second Harvest Heartland helped provide a record of nearly 89 million meals to more than a half million people. We will continue to leverage our unique position in the emergency food chain to advocate, educate and provide food until everyone in our service area has what they need to thrive.
