

Second Harvest Heartland is one of the largest, most efficient, and most innovative hunger relief organizations in the nation. In close partnership with a network of 360 food shelves and nearly 1,000 partner programs, Second Harvest Heartland supports the one in nine people in Minnesota and western Wisconsin facing hunger.

On average, 84 percent of the food distributed by partners comes from Second Harvest Heartland, and in fiscal year 2020, we provided 105 million meals throughout our region. We will continue to leverage our unique position in the emergency food chain to advocate, educate and provide food until everyone in our service area has what they need to thrive.
